DORMA Pure. Lever handle sets for standard applications on timber and narrow stile doors

Sophisticated design and functional quality are the characteristics of the DORMA Pure range. The fittings excel in terms of both their technology and operating reliability. Manufactured from high-grade materials and carefully crafted, DORMA Pure door furniture satisfies exacting demands with respect to stability, safety and corrosion resistance. The Pure range includes the most popular models, all of which are right or left sprung in order to return the lever handle to the horizontal position.

Lever handle furniture from the Pure range offers high quality at an attractive price. The hardware comes as complete sets for timber doors or as half sets for narrow stile doors. The Pure range is suitable for standard national and international applications, e.g. in the private homes segment or on interior doors in office buildings.

Benefits at a glance

For the trade

- 5 years warranty on all products in the Pure series*
- Affordable door furniture featuring the most popular lever handle models
- Packaging of complete sets for easy stocking

For the installer

- Approved to EN 1906, category of use grade 3 and maximum corrosion resistance grade 4
- Just one screw length for door thicknesses of 38–56 mm
- All models are spring-assisted
- DORMA quality for long service life

Materials and finishes

Stainless steel fittings, S/S

Door furniture manufactured from stainless steel offers the advantages of not only high corrosion resistance but also exemplary resistance to mechanical wear and tear.

Available in

- satin

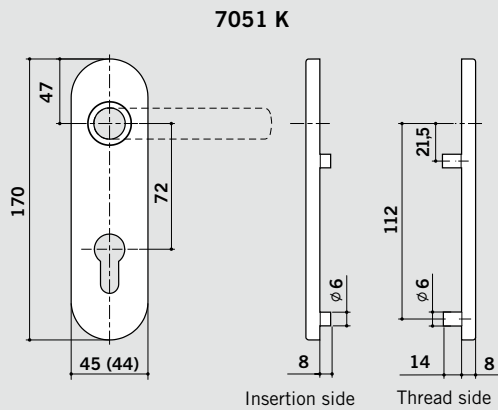

Anodised aluminium fittings, AL

Colour anodised on the basis on special formulations, Pure aluminium fittings exhibit high resistance, uniform oxide layers for effective protection against weathering and wear.

Available in

- F1 silver anodised

Rose and backplate dimensions

() = Dimensions for Alu

Oval rose dimensions

() = Dimensions for Alu

Please note:

A minimum clearance of 25 mm must be maintained between the lever handle and the frame stop.

For timber doors:

Supplied exclusively as complete set incl. fixing material..

For narrow stile doors:

Supplied exclusively as half set with loose spindle.

Other lock preparations and follower-to-keyway centres on application.
